

Sarah Elkinton is the Sr. HR Business Partner at Three Rivers Medical Center in Grants Pass, one of the 3 hospitals in Asante Health Systems. She has HR experience in a variety of industries including, grocery retail, wood products manufacturing, food manufacturing, call center, and now health care. She has a B.S. in Psychology and a M.S. in Organizational Training and Development, both from Southern Oregon University. Sarah is passionate about supporting leaders in their development to create work atmospheres that are fun, fair, and thriving!

Sarah has served on the Rogue Valley SHRM Board of Directors since 2008 (with one minor break). For the majority of her time on the board, she served as Hospitality and Social Director, bringing the chapter great advancements like online registration and credit card transactions. In 2019, she was persuaded to be President-Elect and has served as the 2020 President. While it has been an amazing experience, she doesn't recommend taking on such large leadership positions in years where global pandemics surprise everyone.
