

Tabitha Northrop has served as the Project Director at WorkSource Rogue Valley via ResCare Workforce Services since 2015. She coordinates workforce relations between businesses and job seekers, connecting the community and promoting business success by skilling up and training workers based on the needs of the economy. Her previous experience includes health care, IT and construction with a primary focus in human resources. Tabitha's current focus is improving the work force system to quickly and nimbly respond to businesses' workforce needs. Tabitha earned her Master's of Science in Organizational Training and Development from Southern Oregon University in Ashland, Oregon and Bachelors of Science in Sociology/Psychology from Western Oregon University in Monmouth, Oregon.
